EOC Spot Report: Region 6, Mid Valley Pipeline Spill (Mooringsport, LA - Near Caddo Lake)

Report as of 18:30 EDT on 10/ 13/14

Overview: A Region 6 OSC and Contractors have been dispatched to Mid Valley Pipeline Oil Spill in Mooringsport, LA near Caddo Lake. Current information indicates that the spill entered the Miller Branch of Tete Bayou and possibly contained (information sketchy) within 0.5 miles of entering Caddo Lake. The spill volume is unknown but the company has listed the potential at about 4000 bbls. Information indicates that response contractors are on-scene.

State, Local and other Federal Agency Actions: LA State DEP has been mobilized.

EPA Actions: EPA with Contractors have been mobilized to the site. Upon arrival, EPA OSC will conduct a site assessment and submit a report.

Media Interest: Local

The HQ EOC will continue to monitor and provided updates as needed.
